

# **Unit Training Plan 75 Personnel Tables I-VI**

Roster Number: 02

Name: Allen, Aric

# Situation

## Background

You are a newly graduated Marksmanship Master Trainer currently assigned to Battalion.  
You are tasked to develop a M4 marksmanship training plan for implementation in your Battalion  
Your Battalion Commander will proof the concept

You must understand and integrate:

- Integrated Weapons Training Strategy
- TC 3-20.40 Training and Qualification-Individual Weapons
- DA PAM 350-38
- TC 3-22.9
- Range Operations (Safety and Scheduling)
- Marksmanship Master Trainer Coaching Practices
- 8 Step Training Model

## Scenario:

Your Battalion is going to the field for a LFX in twelve weeks

You must utilize the provided Training Calendar which reflects available white space days during which you can plan training. You may not train on blocked off days. You may conduct coordination o T week tasks.

There are 75 new soldiers in the Battalion who need to qualify on the M4 with CCO as the primary day optic and PEQ-15 before the LFX in three months.

# INTENT

## Key Tasks:

- Develop a training plan that is safe, makes sense and fits in with the already scheduled training calendar
- Plan for the training and certification of Assistant Instructors to assist in the execution of the Battalion Marksmanship Training
- Complete your plan so that all 75 Soldiers in the Battalion are qualified on the M4 during both day and night conditions in time for the LFX in accordance with the proper sequencing and gates laid in the Integrated Weapons Training Strategy.
- Day Qualification to be conducted with Primary Optic and Night Certification conducted with the PEQ-15 Aiming Laser (Assisted Night)
- Be prepared to brief your plan in detail: converting training concepts per day, manning, timelines, safety, logistics, ammunition breakdowns, and land requirements
- Turn in a Ammunition Request, Land Request, and DRAW at the time of your brief.
- **DRAW REQUIRED FOR TABLE VI ONLY**
- **Assumptions:**
  - There are no conflicts with land scheduling
  - The EST II can support all training desired WRT equipment and software and has 15 Lanesd
  - A portion of the Battalion will need a second Qualification (10%)
  - The date at the time of brief is notionally Monday 2 July and the LFX that your Battalion needs to be ready for starts on Thursday 27 September (refer to attached calendar)

## Commander's Intent

Overall goal: Conduct Rifle and Carbine qualification IOT develop and certify lethal riflemen, improve core warfighting competencies, and set conditions for the upcoming collective training.

Purpose: The purpose of this operation is to train, develop, and qualify our riflemen.

Key tasks:

- Certify Assistant Instructors (AI), conduct thorough recons, rehearse and master range operations.

- Complete all tables I-VI

- Use the 8-step training model for range prep to set conditions for success.

- Establishment of C2 nodes and Mission Command throughout qualification.

- Maximize virtual trainers to improve proficiency and reduce cost in live fire.

End state: All **75** riflemen are safely trained, competent, and validated on their assigned weapon systems; equipment and personnel properly recovered; no safety incidents or loss.

Company Platoons are lethal teams prepared for follow on collective training.

# Assessment

85% percent of M4/M16 qualification scores from previous quals were a first time go.

Expected 90% percent (67 of 75) Soldiers will be first time go.

Expected 10% percent (8 of 75) Soldiers will be second time go.

All retrain time and ammunition allocation will be resourced for 10% percent overage.

# Glidepath

Table I Date(s)- September 10th

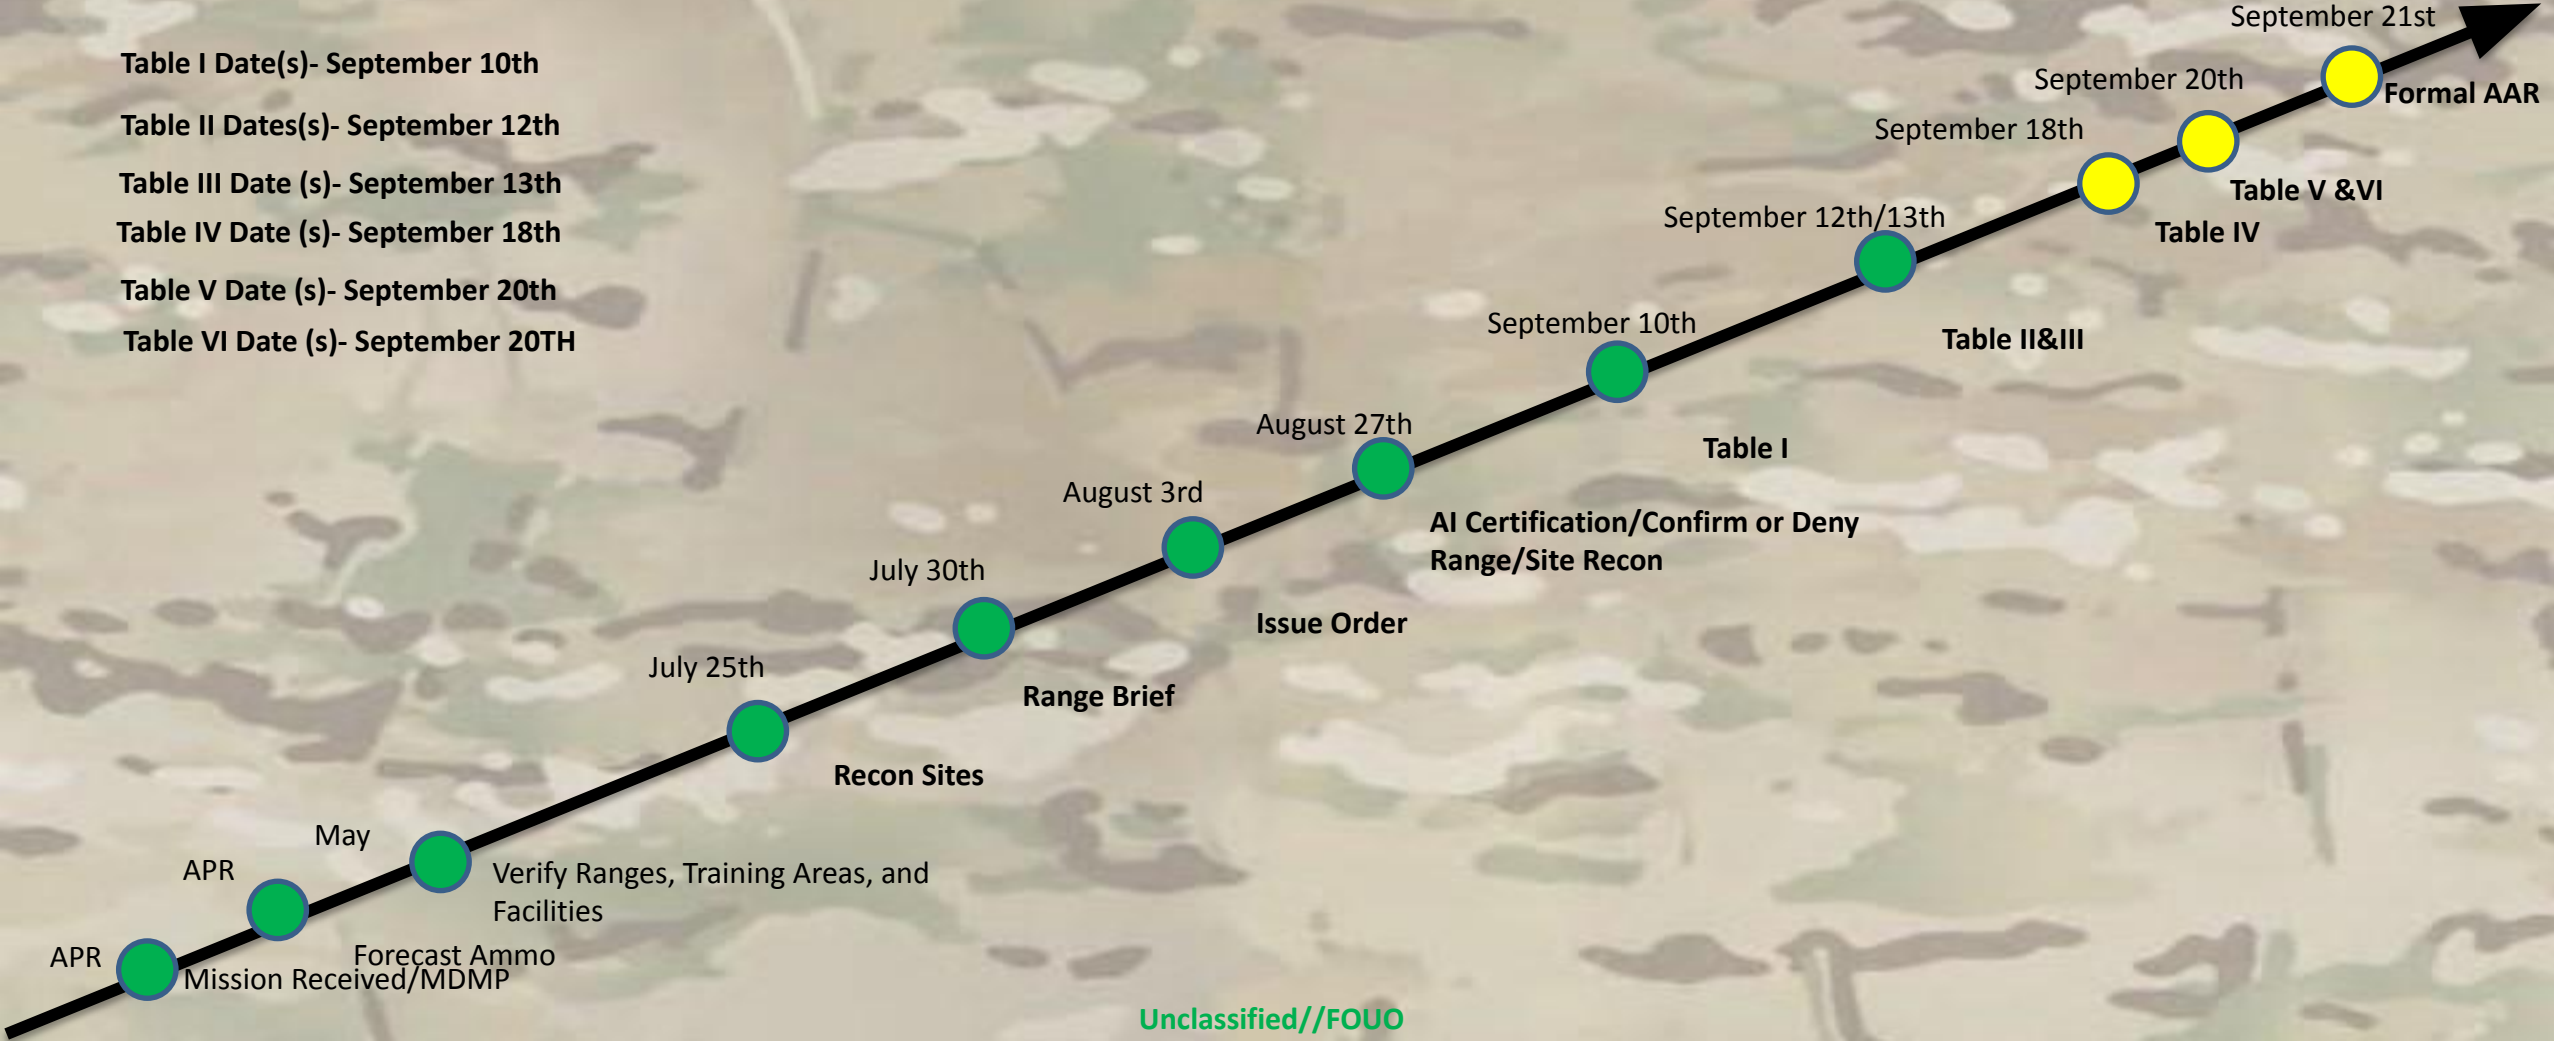

Table II Dates(s)- September 12th

Table III Date (s)- September 13th

Table IV Date (s)- September 18th

Table V Date (s)- September 20th

Table VI Date (s)- September 20th

# Assistant Instructor Certification

Units should identify all the individual and leader required certifications, qualifications, schools, classes, programs, and licenses that support the future training events.

## Minimum Requirements:

- SGT-SSG
- Qualified within the last 3 months

## Preconditions:

- Combat Lifesavers 3
- Driver's training 2
- Military License 1
- Ammunition Handlers 2
- Certified Instructor/Operators 5
- Range Safety Officer 2

**Tasks:** Demonstrate proficiency on the functional aspects of the weapon, ammunition, and critical skills necessary to correctly and safely employ the rifle and carbine.

**CONDITIONS:** In a garrison environment, given a rifle or carbine as assigned on the master authorization list for the unit. Provided the correct reference to conduct training: TC 3-22.9. TM 9-1005-319-10.

**STANDARD:** The Soldier must successfully pass PMI&E between T-6 And T-week prior to firing any live ammunition by receiving all GOs on demonstrated performance and achieving a passing score of 80 percent or higher on a written test.

**CONCEPT OF OPERATIONS:**

We will go through slides of the 19 topics for PMI and you will be taking notes and at the end they will be given a written exam where they will need to score an 80% or higher.

**TIMELINE:**

0800: SHOW TIME  
0800-0825: SAFE WEAPON HANDLING  
0825-0920: M4 PRINCIPLES OF OPERATION

August 21st, AI Table I PMI, @ Battalion Classroom

Reference	Topic or Task
TC 3-22.9	Ammunition identification
TC 3-22.9	Rules of fire arms safety
TC 3-22.9	Weapons safety status
TC 3-22.9	Weapons control status
TC 3-22.9	Cycle of function, rifle and carbine
TC 3-20.31-4	Conduct of fire (fire commands)
TC 3-22.9	Magazine change, rifle and carbine, emergency
TC 3-22.9	Magazine change, rifle and carbine, tactical
TC 3-22.9	Preliminary marksmanship instruction and evaluation (PMI&E), rifle and carbine
071-COM-0032	Maintain an M16-series rifle / M4-series rifle carbine
071-COM-0029	Perform a function check on an M16-series rifle / M4-series carbine
071-705-0011	Mount the M68 close combat optic (CCO) on a M16-series rifle or M4-series carbine
071-705-0015	Boresight a backup iron sights (BUIS) on a M16A4 rifle or M4-series carbine
071-705-0013	Boresight the M68 close combat optic (CCO) on a M16-series rifle or M4-series carbine
071-COM-0031	Zero an M16-series rifle / M4-series carbine
071-705-0003	Zero an M68 sight (close combat optic) to a M16-series rifle / M4-series carbine
<b>Note:</b> ALL Soldiers assigned a rifle and carbine will conduct PMI&E. Soldiers will conduct maintain and functions check tasks only for the weapon they are assigned.	
<b>Legend:</b> COM – common, TC – training circular	

**MANNING:**

- MMT
- Als x 15
- (AI) BUS DRIVER x 1

**DUTY UNIFORM/ PACKING LIST:**

OCPs (complete) x 1  
PEN x 2  
NOTE TAKING MATERIAL x 1  
MRE x 1  
WATER SOURCE x1

**SPECIAL INSTRUCTION:**

**Instructor Note:**

**RESOURCE REQUIRED**

- BUSES x 1
- COMPUTER x 2
- PROJECTOR x 2
- EXTRA PEN/PENCILS X 20
- EXTRA NOTEBOOKS X 10

**Tasks:** Demonstrate proficiency on the functional aspects of the weapon, ammunition, and critical skills necessary to correctly use the M16 rifle or M4 carbine with associated assigned equipment.

**CONDITIONS:** Given the following: Fully mission capable, weapon and equipment as assigned on the master authorization list for the unit. Checklist of required actions and time standards found in Training Circular 3-22.9 and associated individual task report described in this section.

**STANDARD:** The Soldier successfully demonstrates proficiency by passing weapons handling, manipulation, and movement tasks listed in the training plan between T-6 and T-week prior to firing any live ammunition.

**CONCEPT OF OPERATIONS:**

I will go over and show AIs all drills and give them time to practice and ask questions.

**TIMELINE:**

071-COM-0029	Perform a function check on an M16-series rifle / M4-series carbine
071-705-0011	Mount the M68 close combat optic (CCO) on a M16-series rifle or M4-series carbine
071-705-0015	Boresight a backup iron sights (BUIS) on a M16A4 rifle or M4-series carbine
071-705-0013	Boresight the M68 close combat optic (CCO) on a M16-series rifle or M4-series carbine
071-COM-0031	Zero an M16-series rifle / M4-series carbine
071-705-0003	Zero an M68 sight (close combat optic) to a M16-series rifle / M4-series carbine
<b>Note:</b> ALL Soldiers assigned a rifle and carbine will conduct PMI&E. Soldiers will conduct maintain and functions check tasks only for the weapon they are assigned.	
<b>Legend:</b> COM – common, TC – training circular	

**MANNING:**

- MMT
- AI x 15
- Main body x 75
- (AI) Bus driver x 2

**DUTY UNIFORM/ PACKING LIST:**

OCPs (complete) x1  
PEN x2  
NOTE TAKING MATERIAL x1  
MRE x1  
WATER SOURCE x1

**SPECIAL INSTRUCTION:**

**Instructor Note:**

**RESOURCE REQUIRED**

- Buses x 2
- Computer x 2
- Projector x 2
- Extra Pen/Pencils x 100
- Extra notebooks x 50

**Tasks:** Demonstrate proficiency on the functional aspects of the weapon, ammunition, and critical skills necessary to correctly use the M16 rifle or M4 carbine with associated assigned equipment.

**CONDITIONS:** Given the following: Fully mission capable, weapon and equipment as assigned on the master authorization list for the unit. Checklist of required actions and time standards found in Training Circular 3-22.9 and associated individual task report described in this section.

**STANDARD:** The Soldier successfully demonstrates proficiency by passing weapons handling, manipulation, and movement tasks listed in the training plan between T-6 and T-week prior to firing any live ammunition.

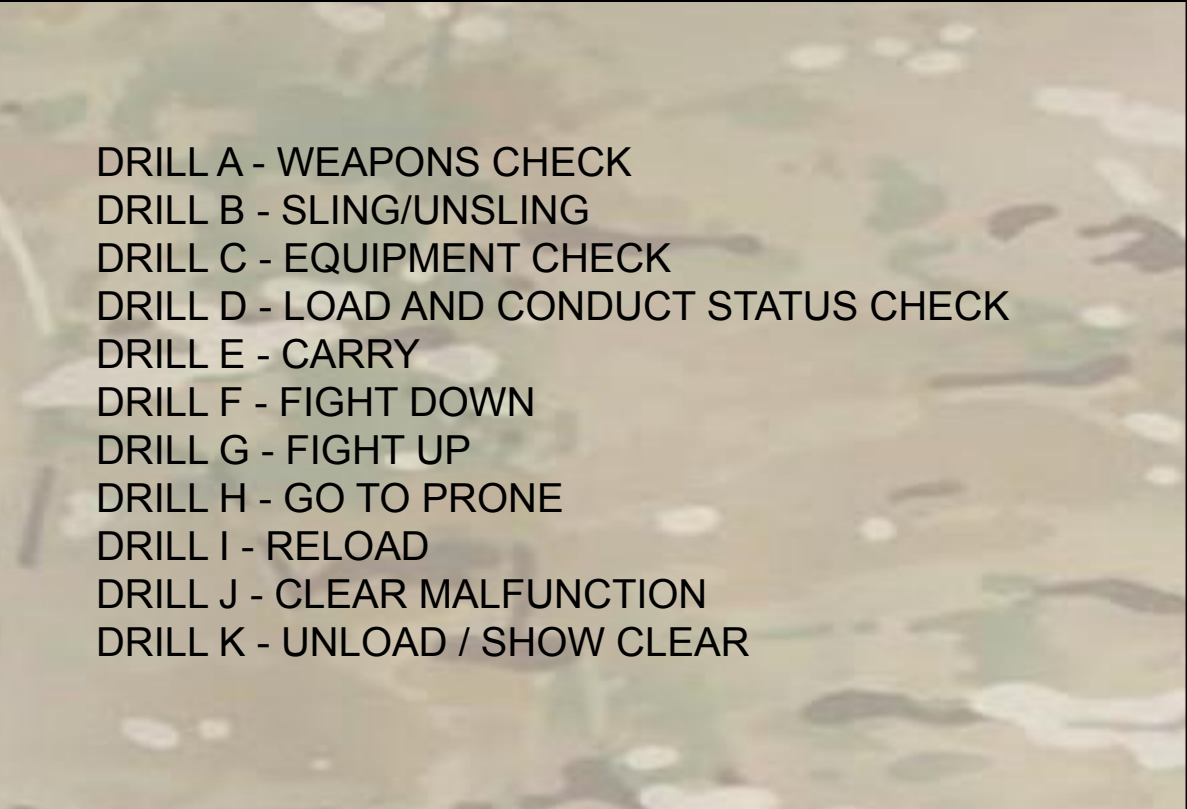

**CONCEPT OF OPERATIONS:**

I will go over and show main body all drills and give them time to practice and ask questions. At the end of the day we will borelight every soldier's M4.

**TIMELINE:**

0800: SHOW TIME  
0800-0900: WEAPONS DRAW  
0900-0910: WEAPON CHECK (DRILL A)  
0910-0920: SLING/UNSLING (DRILL B)

75 DDI ROUNDS

Table VI

**Tasks:** Engage and defeat single and multiple threats at varying ranges from supported and unsupported standing, kneeling, and prone firing positions, during day and limited visibility conditions using ball ammunition.

**CONDITIONS:** Given the following: Fully mission capable weapon as assigned on the master authorization list for the unit. Full combat uniform, issued equipment, and protective mask. Authorized range facility. Authorized simulator system (Day Fire, CBRN; Night Fire and Night Fire, CBRN). Full-scale, approved targetry in standard scenario engagement sequences. Authorized ammunition.

**STANDARD:** Demonstrate engagement proficiency by stage, such that: Stage 1 – Day Fire – hit 57.5 percent (23 of 40) of all presented targets in the time allotted. Stage 2 – Day Fire, CBRN – receive a GO by successfully hitting 70-percent (7 of 10) of targets presented while operating in a notional chemical environment. Stage 3 – Night Fire – receive a GO by successfully hitting 70-percent (14 of 20) of targets presented during limited visibility conditions. Stage 4 – Night Fire, CBRN – receive a GO by successfully hitting 70-percent (7 of 10) of targets presented while operating in a notional chemical environment.

TIMELINE:

\*16 LANES @ QUAL RANGE 8 ITERATIONS\*  
1300: SHOW TIME @ ARMS ROOM  
1300-1400: WEAPONS DRAW (AIs SETTING UP RANGE)  
1400-1430: SP TO RANGE  
1430-1500: SAFETY BRIEF  
1500-1530: AIs TAKING MAGS AND LOADING FOR SOLDIERS (40 ROUNDS BALL 1 DDI RANDOM)  
1530-1540: AMMO (MAG) DRAW FOR PRACTICE QUAL  
1540-1621: PRACTICE QUAL (5 FIRING ORDERS 5 MINUTES BETWEEN ITERATIONS)  
1621-1700: DINNER (MREs)  
1700-1730: AMMO DRAW/LOADING FOR QUAL (40 ROUNDS PER SOLDIER)  
1730-1815: QUAL ( 5 FIRING ORDERS 5 MINUTES BETWEEN ITERATIONS)  
1815-1915: RETRAIN  
1915-1930: G2 SHOOTERS  
1930-2008: NIGHT SHOOT PREP / VIS AIM DRY FIRE / PEQ/PVS MANIPULATIONS (PCC/PCI)  
2008-2020: AMMO DRAW FOR NIGHT QUAL PRACTICE  
2020-2055: NIGHT QUAL PRACTICE  
2055-2110: AMMO DRAW FOR NIGHT QUAL  
2110-2145: NIGHT QUAL  
2145-2245: NIGHT QUAL RETRAIN  
2245-2300: NIGHT QUAL G2  
2300-0000: CLEAN RANGE  
0000-0030: SP TO ARMS ROOM  
0030-0130: PUTTING WEAPONS BACK  
0130: DISMISS

September 20th, TABLE V and VI, @ ARF Range

Stage	Event	DODIC	Nomenclature	QTY	Remarks
Table IV, Stage 3	Confirmation at Distance	AB57	CTG, 5.56mm, ball, M855A1 EPR	5	Conducted prior to Table VI on the ARF or comparable facility when range restrictions or line-of-sight issues prevent completion of the task during Table IV.
Table IV, Stage 4	Application of Hold-Offs	AB57	CTG, 5.56mm, ball, M855A1 EPR	10	Conducted prior to Table VI on the ARF or comparable facility when range restrictions or line-of-sight issues prevent completion of the task during Table IV.
Note. Table IV, Stages 3 and 4 must be completed before Table VI, Stage 1.					
Stage 1	Day Fire	AB57	CTG, 5.56mm, ball, M855A1 EPR	40	One round per target is required.
Stage 2	Day Fire, CBRN	AB57	CTG, 5.56mm, ball, M855A1 EPR	10	When authorized simulator system is available, no rounds are authorized.  One round per target is required when live fire authorized.
Stage 3	Night Fire	AB57	CTG, 5.56mm, ball, M855A1 EPR	10	
		AB74	CTG, 5.56mm, tracer, M856A1, EPR	10	
Stage 4	Night Fire, CBRN	AB57	CTG, 5.56mm, ball, M855A1 EPR	5	
		AB74	CTG, 5.56mm, tracer, M856A1, EPR	5	

Legend: ARF – automated record fire range, CBRN – chemical, biological, radiological, and nuclear, CTG – cartridge, DODIC – Department of Defense identification code, EPR – enhanced performance round, mm – millimeter; QTY – quantity

DUTY UNIFORM/ PACKING LIST:

OCPs (complete) x1  
M4 w/ SLING x1  
CCO x1  
PEQ-15 x1  
M4 MAGAZINE x7  
IOTV x1  
ACH w/ RHINO MOUNT x1  
PVS-14 x1  
NODS BII x1  
ALL PPE x1  
MRE x2  
WATER SOURCE x1

CONCEPT OF OPERATIONS:

Soldiers will draw already loaded magazines with 40 ball and 1 randomly placed DDI round for practice qual. Practice qual will take 41 minutes for 5 iterations with 5 minutes in between for admin time. Soldiers will then draw 40 rounds and load their own magazines for the qual. Qual will take 45 minutes for 5 iterations with 5 minutes in between for admin time. G2 shooters will have an hour to retrain and then they will draw 40 rounds and begin their G2 qual which will take approximately 4 minutes. Sunset for night shooting will be approximately 1938. Night shooting will take approximately 35 minutes for 5 iterations with around 4 minutes in between for admin time.

MANNING:

- OIC x1
- MMT (NCOIC)
- AI x 15
- (AI) RSO w/ BRICK
- Main body x 75
- (AI) LANE SAFETY x10
- (AI) Bus driver x 2
- (AI) LMTV DRIVER X 2
- MEDICS W/ FLA x2

RESOURCE REQUIRED

- BUSES X 2
- LMTV W/ WATER BUFFALO X 2
- ICE SHEETS
- CLP
- LITTER
- CLS BAG
- RANGE BOX
- DUNK TANK X2
- 20LB FIRE EXTINGUISHERS X 3
- 300 5.56 MAGAZINES

AMMO:

TABLE VI AMMO  
DAY 40 x 83 = 3320 M855A1  
NIGHT 20 X 83 = 1660 M855A1

# Formal AAR

**Who:**

BN Commander  
BN CSM  
A Co 1SG/CO/XO  
MMT  
Als x 15

**What:** Discuss the process of sustains and improves of the most recent Rifle Marksmanship training compared to the previous Rifle Marksmanship training.

**When:** 21 September 2024

**Where:** BN Conference Room

**Why:**

Previous:

- 75% (56 of 75) Soldiers from previous qualifications were a first time go.

Current:

- 90% (67 of 75) Soldiers were first time go.
